MILLWOOD  KITCHENS

where quality is a tradition

Millwood Kitchens – custom-crafted for beauty that lasts

Millwood Kitchens is a premier builder of custom kitchen cabinetry. Based in Middleburg PA, Millwood Kitchens was founded on the qualities of superior customer service, hard work and dedication to excellence. We are only happy when our customers are. How do we manage to build cabinetry that you will

continue to love for decades? With the expertise of dedicated craftsman who care as much about the beauty, quality, and reliability of your cabinetry as you do.

Millwood Kitchens grew out of a desire to provide an affordable custom-crafted kitchen alternative to big-box, one size fits all retail manufacturers. Over the years we have grown to provide high-quality cabinetry, not only for the customers of our parent company, Apex Homes, but also to offer custom-crafted solutions to local and regional residents who want to remodel their existing kitchen or to install one in their brand new home. We are here to help you turn your dream kitchen into a reality.

With your ideas and input, we can build a custom designed kitchen created specifically for you and your lifestyle. We don't force a design with the use of fillers and low quality materials. We tailor our cabinets to maximize and utilize all available kitchen space. When combined with our vast array of stained or painted finish options, your dream kitchen will become a fashionable and functional part of your lifestyle.

Millwood Kitchen's custom cabinetry is not just about beauty. We understand the day-to-day wear and tear that a kitchen will need to withstand in a busy household throughout the years. The construction, quality, and durability of our solid-wood cabinetry

combined with its eye appeal, is what really sets us apart from other builders. To strengthen and ensure a solid feel to your cabinets, we apply 1/2" plywood to all exposed sides. Our 3/4" thick standard shelving has the capability to hold your favorite dinnerware without flexing. Our standard drawers too, are built for durability and strength using 5/8" solid poplar drawers with dovetailed joints. Our 3/4" solid-wood face frames and doors provide a superior look and feel that exude a beauty you will be proud to show off. We also install six-way, soft close adjustable hinges that ensure your doors will remain perfectly aligned for the life of your cabinets completing the cabinetry with a look and feel that defines quality. With our exacting standards built into everything we manufacture, Millwood Kitchens is about beauty and quality that lasts.

Our craftsmen, engineers and sales team can assist you with designing and building custom cabinetry and other custom built furniture options for every room in your home. Though our standard cabinetry options already exceed the choices offered by most of our competitors, you may choose to consider any number of our upgraded options in order to increase the functionality and style of your cabinetry. Upgrades can include glazed and distressed finishes, a variety of lazy susan styles, roll out shelves, drawers inserts, sink tilt-outs and much more.

We are committed to delivering beautiful, reliable and functional custom-crafted solutions to suit our customer's needs, with perfection in every detail. Contact us to see how we can help make your dreams a reality. Until then – *dream big and leave the rest up to us.*

Our Mission and Vision...

Our mission here at Millwood Kitchens is to dedicate ourselves toward the ongoing process of providing products and services of quality and value through the innovation, foresight, integrity and aggressive performance of our experienced team of craftsman.

Millwood Kitchens vision is to be the best manufacture of high quality custom made cabinets at an affordable price, along with outstanding service to our customers.

*Custom-crafted kitchens
dreamt of by you -- designed
and built by Millwood...*

You can almost smell the succulent roast beef and mashed potato dinner Mom just prepared in her modern farmhouse kitchen that cries out "there's no place like home!" The warm and inviting tones of the chignon and kona, shaker-style cabinetry radiate comfort plus a touch of elegance to mother's inspired abode. Just like her tantalizing signature dishes, she has created a kitchen that's uniquely her own. The result of her vision combined with Millwood's craftsmanship and innovation is fine-looking, efficient cabinetry with usable space at its maximum. See the many features of this kitchen's cabinetry at www.millwoodkitchensofpa.com/gallery/

Whether you are dreaming of a quaint, country style kitchen or something modern and cutting-edge, Millwood Kitchens can help you achieve exactly what you desire. With our endless resources and options, we can provide you with all of the unique details that will add personality and character to your kitchen, and transform it into the most loved room in your house.

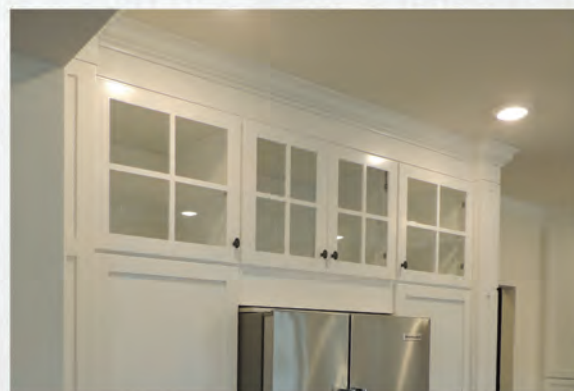

Other details not pictured here can be viewed on pages 15 -16 or at www.millwoodkitchensofpa.com/gallery/ including:

- ♦ *Decorative, valanced cabinet feet*
- ♦ *Drawer box with dovetail construction*
- ♦ *Pull-out cabinet trays*
- ♦ *Microwave cabinet*
- ♦ *Base cabinet pull-out organizer*
- ♦ *Sink tilt-out tray*
- ♦ *Double-bin trash pull-out*

*Custom-crafted kitchens
designed to maximize
usable space...*

Bright and airy, these crisp white shaker style cabinets topped with charming, 4-lite mullion panels are one of our favorites. Wanting to ensure plenty of workspace, we supplemented them with a huge, maple butcher block island. The natural-stained counter top contrasts beautifully with the cabinets below finished in a mellow inviting hue aptly named “smoke” that was created right here by one of our own craftsmen. The cabinets contain a microwave in its own designated space and neatly house the dishwasher, which is strategically placed directly opposite the kitchen sink. Notice how the smoke color scheme is carried on to the center panel in our unique, custom-made range hood.

At Millwood Kitchens, we pay meticulous attention to the detail in our work. Using only the finest quality materials, hand-rubbed stain and glazing techniques, and endless color options, your cabinetry will be at its finest and will blend flawlessly with its environment.

Features of this kitchen not pictured:

- ♦ *Hide-away butcher block/mixer table*
- ♦ *Hide-away appliance garage*
- ♦ *Utensil/knife drawer inserts*
- ♦ *Pull-out spice racks*
- ♦ *Tilt-out sink trays*
- ♦ *Under mount electrical outlets*

*Custom-crafted kitchen
designs can only be limited
by your imagination...*

Sleek, streamlined, and smart. That's what we call this cabinetry featuring built-in appliances and smooth transitional lines. The maple, kona-stained cabinets have been custom sized to maintain the linear flow of the urban-style kitchen. The cabinets over the sink accented with rain-patterned glass are finished in a subtle alpaca paint, and when combined with the under-cabinet lighting significantly open up and brighten the workspace. Never to be closed in by limits, we have made over-head cabinet doors more easily accessible with a simple change in hinge and handle location.

By choosing Millwood Kitchens, you will find no boundaries. You can build your dream kitchen exactly as you envisioned.

Features of this kitchen not pictured:

- ◆ *Knife divider block*
- ◆ *Above appliance pull-out*
- ◆ *Pull-out U-shaped wire basket*
- ◆ *Blind corner pull out*
- ◆ *Double pull-out wire basket*
- ◆ *Pull-out base organizer*

*Custom-crafted built-ins
designed to maximize your
storage space...*

You will want to linger all day in our little brookside oasis created by this cozy and charming rustic kitchen. We searched high and low for just the right material and colorant to make our cabinets a natural extension of the eye-catching pebble backsplash. The results . . . solid rustic hickory cabinets hand-finished in an oak-tone stain.

No room for a pantry in this little forest glen? “Never fear!” say we, it has been blended into the environment so well you don’t even know it’s there. Take a close look to the left of the refrigerator (below). Located right beside it is a full-length pantry door, connected to a spacious sliding organizer that makes finding and reaching items a snap. View this and other hidden treasures in this kitchen at our Inspiration Center or at www.apexhomesofpa.com/gallery/inspiration-center/rustic-charm/

Other features not pictured:

- ♦ *Double trash bin pull-out*
- ♦ *Tall pantry 6-tier pull-out organizer with adjustable shelves*
- ♦ *Base corner cabinet 2-tier door mount curve shelf*
- ♦ *Cabinet door rack with wood cutting board*
- ♦ *Base corner cabinet 2-tier swing-out cloud shelf*

MILLWOOD  KITCHENS
where quality is a tradition

Sink tilt-out trays offer easy access and convenience.

Bottom mount pull-out stows away unsightly trash.

Base cabinet pull-outs create more functional storage.

Pull-out trays eliminate hard to reach areas in your base cabinets.

Microwave cabinets offer additional storage options.

Pull-out wire tray dividers maintain organization.

Attention-grabbing detail options like this can complement inlaid glass.

Pull-out organizers can be utilized in wall, base, or full height cabinets.

Extra drawer space can be created with base drawer cabinets.

MILLWOOD KITCHENS

where quality is a tradition

Solid Poplar drawer boxes feature a dovetail construction design that adds strength and stability to your drawers

Countertop drawer cabinets combine beauty and storage.

Detailed valance feet add more style to your base cabinets.

Extra workspace is produced with this heavy duty lift - and hidden away when not needed.

Ingenious storage option is created inside cabinet door.

Glass inlaid doors add a touch of elegance.

Base filler pull-outs efficiently organize everyday staples.

MILLWOOD KITCHENS

where quality is a tradition

At Millwood Kitchens the possibilities are endless... and the dreams made possible!

Upgraded lift kits like this one effortlessly conceal small appliances.

Wire pull-out basket options simplify locating hard-to-reach items.

Decorative base valances add elegance to your cabinetry.

Decorative back panels add dimension and interest.

Dead space is combated with this 3/4 lazy susan.

Blind corners are eradicated in base corner cabinets with metal rail swing-out options. Pictured: 2-tier curve (left), 2-shelf cloud (right).

Full circle lazy susans transport your cabinet's contents right to your fingertips.

*Custom-crafted cabinetry
designed to personalize your
lifestyle and living space...*

Not just for kitchens, customizable cabinets can be designed specifically to your needs throughout your home. They can maximize and simplify storage while adding class and character to any room.

Right: Built-in cabinets like this entertainment center make a great option for library, media, or family rooms.

Below: Imagine the possibilities of this built-in with the unique, stacked-pebble backsplash - kitchen buffet, butler pantry, wet bar...

Left: Our family organizer is perfect for storing coats, blankets, and many other items that are readily accessible.

Far Left: This built-in, located in our walk-in closet, has great storage capability and maintains order and accessibility.

Visit our Inspiration Center and see them for yourself!

*Custom-crafted bathrooms
designed to maximize your
usable space...*

Design and build your bathroom vanity too, with Millwood Kitchens. We can help you complete your bathroom with the same attention to style and storage alternatives while utilizing materials, colors, and styles that will create a cohesive flow throughout your home.

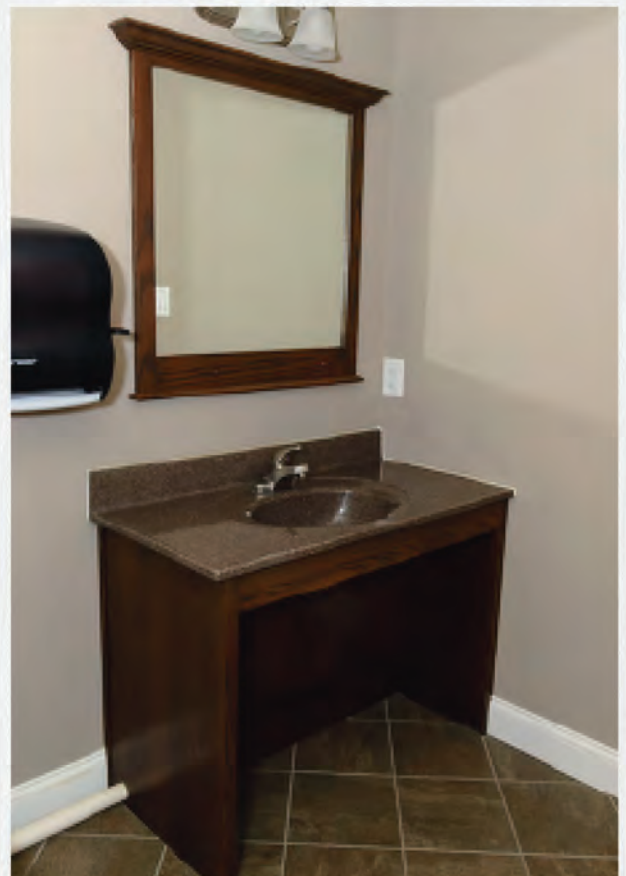

Left: Save space with multi-purpose features such as this vanity drawer ironing board.

*With Millwood Kitchens,
you can create vanities with
a charm of their own...*

Just like our kitchen cabinetry, our custom vanities and other built-ins will lend charm and craftsmanship to your bathroom while providing countless storage solutions.

Right and Below: Match your cabinetry with custom made, framed vanity mirrors.

Let us turn your dream kitchen into the kitchen of your dreams.

We are thrilled to share our cabinetry and ideas so we can help you enhance every room of your home. Custom made cabinetry will not only add additional storage to your home or office, but can also improve the look and functionality of your living space.

We can help you create everything from a chef's kitchen that will be the centerpiece for family gatherings to a mudroom that keeps items neat and organized.
